RE: County Web Site
Scheduling Updates

County Web Site

Some of you may have notice that you could not open up the Court's Calendar or access the site. The county changed their external link and all should be working. However, if you have put a link to the court's web site or external calendar under favorites, you will have to redo your link.

The court site remains at www.clallam.net/courts. Click on the Superior Court tab on the left hand side. Then either click Today's Schedule or New Online Court Calendar.

Scheduling Updates
