My comment on the Aug. 6, 2012 Commissioners Work Session.
Mike Doherty was not there. Jim McEntire was on a phone line.

This is my SMP comment on the

(14) **COSTAL WATERSHED INSTITUTE (ENHANCED) WORKSHOPS TO ENHANCE THE PUBLIC UNDERSTANDING?**

The 3300 Private property owners in Clallam County already have a FULL UNDERSTANDING of what the DOE SMP is "TAKING".

What I don't understand? Is why our County is **collaborating against** the stakeholders and private property owners, in this **MOU GREEN MACHINE agreement?**
