Subject: SMP Update - PUBLIC COMMENTS

This is my comment on the SMP Update

PUBLIC COMMENTS

Clallam County has done an outstanding job

by providing all Public Comments they have received, in their entirety on line.

They have provided online access, by any concerned citizen, to every word of every written comment.

They have acknowledged every comment sent to them and responded with the following email (below).

In 20 month of researching and reading public SMP comments from all over the state of WA, we the people of Clallam County, have been given an exceptional opportunity by our elected official, **Sheila Rourke Miller.**

Steve Grey and Hannah Merrill, they have provided us with, the BEST online PUBLIC COMMENT section, I have read for any county or city in WA State. (I have not read them all)

We may all be denied a vote on the Shoreline Management Update.

BUT, I THANK CLALLAM COUNTY FOR GIVING US A Written VOICE on line!

Pearl Rains Hewett Trustee

SMP Committee Member

Federal Coordination Act Citizens are limited in their ability to influence the decisions of government agencies. Their only participation, as individuals in the decision making-process, is through offering written or oral comments as to the agency's proposal. Most always, their oral remarks are limited to three minutes maximum. **The agency's only responsibility is to summarize the public comments; they are under no obligation to negotiate any alteration of plans, policies or actions based on public input.**

Clallam County Acknowledgement

Pearl,

Thank you for your comments.

These will be considered and included in the SMP comment file, as per requirements.

Hannah Merrill
