### **SMP COMMITTEE MEETINGS**

*If someone had been paying attention **to the reason** that, after lunch attendance dropped significantly, **at the Jan 15, 2013** meeting.*

**Disgust** would be at the top of the list. One vested American private property owner on the SMP Committee said on his way out the door, "I have listened to all the BS I can stand, I'm out of here!"

Where is the summary of the Jan 15, 2013 meeting? (Hannah said it was recorded)

After listening all morning to the, nothing to lose, special interest groups, NGO'S, paid employees, and tribes **monopolizing the SMP Committee meeting for hours**, it is no wonder that *that after lunch* attendance dropped significantly **at the Jan 15, 2013** meeting.

At the previous SMP Committee meeting a comment by a tribal representative was to,

**"Prohibit the development of all private view property on the Straits of Juan de Fuca."**

That is not a Tribal Treaty Right.

When I asked the question "With all due respect, by what right?"

Tribal representative Randy Johnson **did not just say** "We have treaty rights"  
He stood up, waving his arms around and yelled at me (in front of twenty  
five witnesses)

**Randy Johnson shouted at me in a threatening manner...** "Do you really want to go  
there right now?" "I don't think so."

**Edited on summary**

---

And, with comments like this from, a nothing to lose member of a special interest group,  
And, a member of the SMP Committee, that wanted to know who would monitor county  
building permits to private property owners,

**"Well, you have to keep an eye on them, they'll try to get away with anything that  
they can."**

This comment was **NOT included** in the summary of that meeting. Nor, was my response to  
that comment.

**Disgust, Indeed....** We all know that every private property owner, that wants to add a  
bedroom or bathroom to his private home on his private property within the SMP  
jurisdiction is suspect.

And, we all know that **we will have to keep an eye on them, because they'll be trying to  
get away with anything that they can."**

**Edited out summary**

---

This topic was brought up again at the Jan 15, 2013 committee meeting.

---

Why do we have a failure to report, in summaries of the Clallam County SMP Update  
Committee meetings, the insulting and threatening comments and behavior of SMP  
Committee members?

I strenuously object to the summaries of SMP Committee meetings **being edited for  
content.**
