WHO'S COMMUNITY WORKSHOP IS SUPPORTED BY RADICAL ACTIVISTS?

"IT'S PRIVATE PROPERTY- FOR HEAVEN'S SAKE-STEP DOWN"

My Clallam County SMP comment

There are 3300 vested private property owners
PRIVATE Landowners are the stewards of this critical zone
Those who live in the same COMMUNITY area

Dungeness Bluffs COMMUNITY? WORKSHOP 5 August 2013

1. COMMUNITY definition added for emphasis

People in an area, a group of people who live in the same area, or the area in which they live.

Clallam County COMMUNITY is the People in this area, all people who live in this same area, or the area in which they live. these people ARE Private Homeowners, Small business owners, private land owners, business men, development, real estate and the timber industry, etc.

THERE IS NO REPRESENTATION OF THIS COMMUNITY ON 5 August 2013

There is an old saying, "Bird of a feather flock together." Watch as the Canada geese line up in their formations to fly south for the winter. There will not be one robin or one blue jay in the bunch... nothing but Canada geese.

SCROLLING DOWN-WHO'S COMMUNITIES ARE THESE?

2. COMMUNITY definition added for emphasis

People with a common background
a group of people with a common background or with shared interests within society

3.COMMUNITY definition added for emphasis

Nations with a common history a group of nations with a common history or common economic or political interests

There is no definition of COMMUNITY associated with government APPOINTED FEDERAL OR STATE AGENCIES.

Subject: FYI: Dungeness Bluffs Community Workshop 5 August 2013

FYI: Press Release

****For Immediate Release****

The Coastal Watershed Institute (CWI) and partners invite the community to a Dungeness nearshore workshop on the evening of Monday August 5th, at the Dungeness River Audubon Center, from 6:00 – 8:00 pm.

This workshop will focus on understanding and protecting the habitat forming processes of the Dungeness bluff and spit system and the important linkages of our shorelines to the nearshore of inland marine waters of the Salish Sea.

CWI and partners, including Clallam County, Washington Departments of Fish and Wildlife, Natural Resources, and Ecology, Earth Economics, and the Surfrider Foundation, are working together to better understand ecosystem services provided by the nearshore.

Landowners are the stewards of this critical zone of our shoreline. Our goal is to promote a better understanding of bluff erosion processes, define best stewardship actions, and promote wise long term management for the benefit of our community and environment. We hope you will join us!

The workshop is free but space is limited.
