Carol,

YOUR QUESTION?

I want to know the pros and cons of the Wild Olympics Bill. In Grays Harbor we are fighting crude oil, first it was coal. Please help me realize this fighting for our environment is not a futile endeavor by giving me the "real facts on this bill.

THIS IS MY ANSWER (my rule always bring the bottom line to the top)

THERE IS NO PRO TO WILD ANYTHING IN THE USA. When the Government taking of private property and restricting PUBLIC ACCESS TO PUBLIC LAND IS DICTATED BY THE UNITED NATIONS, AGENDA 21, INCLUDING THE NGO'S, TRIBES and special interest groups are demanding environmental and other RESTRICTING regulations.

IF YOUR ENDEAVOR IN fighting for our environment IS TO DESTROY THE AMERICAN ECONOMY?

INDEED,IT has not a been futile endeavor.YOU AND YOURS, the NGO'S, TRIBES and special interest groups, including the UN and Agenda 21, ARE DESTROYING THE AMERICAN ECONOMY.

THERE IS NO PRO TO WILD OLYMPICS
WILD AND SCENIC RIVERS
AMERICAN RIVERS
NATIONAL BLUEWAYS

WE are in an ECONOMIC CRISIS NOT AN ENVIRONMENT CRISIS.

WHEN FIRST THEY CAME?

THE THE UNITED NATIONS DESIGNATED WORLD HERITAGE WILD OLYMPICS? WITH AGENDA 21? WITH THEIR NGO'S? THE TRIBES? AND THE SPECIAL INTEREST GROUPS?

THEY CAME WITH THE WA State Dept of Ecology, the Federal Environmental Protection Agency and National Wildlife Federation

THEN they came with the endangered SPOTTED OWL (and ten thousand more endangered THINGS including plants)

Then they came and shut down our logging industry (and tens of thousands of jobs were lost)

AND then they closed down all of our lumber and shake Mills (and billions of dollars were lost to our state and local governments)

AND, updating our timber mills WAS NOT PART OF THE Obama JOB STIMULUS PACKAGE

AND, THEY SAID IF IT IS “WILD” THEY (the RICH tourists) WILL COME

And they gave us the myth of increased "WILD" tourism

And Twilight faded...

AND THE RICH TOURISTS DID NOT COME

And the loggers and mill workers were unemployed (Clallam County)
Grays Harbor County, Unemployment rate (last available on line?)
12.1% (Apr 2013)

**And NEW jobs AND INDUSTRY did not come and development was not allowed.
WA State communities, Grays harbor, Clallam County, etc. and many people were plunged
into poverty.
And the lines at the FOOD BANKS became longer (because American citizens are HUNGRY)**

Then they came, WITH the EPA'S CLEAN WATER ACT, THE NGO'S, TRIBES and special interest groups, THE UNITED NATIONS, Agenda 21 AND THEY DEMANDED...That OUR DAMS, CLEAN HYDRO ELECTRIC POWER AND RECREATIONAL LAKES BE DESTROYED

Then they came, the NGO'S and special interest groups AND THEY DEMANDED...
And the OIL PORT? and COAL DID NOT COME and no new jobs were created

And the UNITED NATIONS AND AGENDA 21, NGO'S and special interest groups PRESSURED THE NATIONAL PARK SERVICE.

**AND NORM DICKS AND MARIA CANTWELL SAID IF IT IS “WILD”
THEY (the RICH tourists) WILL COME
AND PATTY MURRAY REPEATED IF IT IS “WILD”**

Then they CAME, THE WA STATE DEPT OF ECOLOGY, with the WA State SMP, Shoreline Management Update
Then they came, the NGO'S and special interest groups AND THEY DEMANDED...
All PRIVATE development ON PRIVATE LAND is a THREAT to no net loss OF Ecologies>NNL
and THEY CREATED NON- COMPLIANT “NO MAN'S USE OF HIS OWN LAND” ON OUR PRIVATE PROPERTY

AND THEY, the NGO'S and special interest groups, SHALL DENY US OUR CONSTITUTIONAL RIGHTS to freedom, life liberty and the pursuit of happiness.

And they, (the EPA) came to save the wetlands, mosquitoes and WEST NILE VIRUS

Then they came and restricted our public access to, and our use of our public land and beaches
Then they came and shut down the hiking trails and tore down the shelters
Then they came with quotas for hiking and camping in Olympic National Park

Then they, THE WAS STATE DEPT OF ECOLOGY, came with their WATER RULES (TRIBAL RIGHTS and the EPA Clean Water Act)
Then they came, the NGO'S, TRIBES and special interest groups AND THEY DEMANDED...
AND THEY TOOK OUR WATER RIGHTS (see just water alliance Skagit County)

AND THE VALUE OF OUR PRIVATE PROPERTY PLUMMETED (ask your assessor)
And tax revenue for the county and state perished in the environmental onslaught (ask your commissioners)

Then they came with their hundreds of what we can't do in and on our public land.
And the TRIBES CLOSED LAKE QUINALT TO ALL NON-TRIBAL CITIZENS
Then they put up gates and destroyed public access to public roads
Then they came with HUGE usage fees, charges and permits for the Public use of public land
And they came with their increased gas TAX and increased seasonal Ferry Charges

And they CONTINUE WITH the myth of increased "WILD" tourism

And families in Port Angeles now camp out in their own back yards (where they can afford it)

And my son's family in Bellevue set up their trailer tent and camp in their own back yard (where they can afford it)

And when they leave town for a "WILD" camping trip? They all go to IDAHO.

MY FAMILY does not come to the OLYMPIC PENINSULA for outdoor recreation!

I repeat....

THIS IS MY ANSWER (the bottom line)
