WA STATE RCW 42.56.030

Pearl Rains Hewett

I provide Documented Federal, State and county **EXCLUSION AND/OR OMISSION of WRIA 20 private property owners in the public meeting process.**

WRIA 20 private property owners are PART OF CLALLAM COUNTY SMP UPDATE

There were no private property owners representing WRIA 20 seated at the table for the Clallam County SMP Update Committee.

By Definition

EXCLUSION the state of being excluded, especially from mainstream society and its advantages

OMISSION something that has been deliberately or accidentally left out or not done

Shall we questions the secrecy of Federal, State and County Government and the **EXCLUSION AND/OR OMISSION of WRIA 20 private property owners from the due process of law?**

Shall we question why the WRIA 20 private property owners were and are IN MANY CASES, being treated like **SECOND CLASS CITIZENS and were not informed, not invited, not selected, not appointed, not allowed to actively**

participate, and IN MANY CASES not allowed to make public comment at WRIA 20 Public Meetings?

Indeed... WE SHALL QUESTION EXCLUSION AND/OR OMISSION IN CLALLAM COUNTY

Construction.

The people of this state do not yield their sovereignty to the agencies that serve them.

The people, in delegating authority, do not give their public servants the right to decide what is good for the people to know and what is not good for them to know.

The people insist on remaining informed so that they may maintain control over the instruments that they have created.

This chapter shall be liberally construed and its exemptions narrowly construed to promote this public policy and to assure that the public interest will be fully protected.

In the event of conflict between the provisions of this chapter and any other act, the provisions of this chapter shall govern.

“There’s huge congressional interest in this,” Fleck said.
It was attended by representatives of U.S. Rep. Derek Kilmer, D-Gig Harbor; U.S. Sen. Patty Murray, D-Bothell; and U.S. Sen. Maria Cantwell, D-Mountlake Terrace, all of whom represent the North Olympic Peninsula.

“WHY? THE huge congressional interest in this Westend Broadband access?”
Why indeed? When a New York Times article ridicules “Olympic National Park” slow Internet connection.

“CONSPIRACY EXPOSED”

The notarized document “Conspiracy Exposed” was written on Oct. 8, 1992 by George C. Rains Sr. when he was 77 years old.

The referenced “Conspiracy” was exposed in a conversation at Sol Duc Hot Springs between the acting Olympic National Park Superintendent Preston Macy and my father George C. Rains Sr. in 1944.

“George, I should not tell you this, but the long range plan of the National Park Service is to take the whole Olympic Peninsula over and put it in the Olympic National Park and move everyone off the Olympic Peninsula.”

The proof of this conspiracy has and is being proven in the step by step acquisition of private and DNR land by the National Park Service, as this is being written and during the last 21 years from 1992 to 2013.

The nine page summary includes some of the 48 year history of Clallam County from 1944 to 1992 and is his proof of the conspiracy.

It’s a good read from a historical standpoint and a cautionary statement to the citizens of Clallam County. Could this happen to Clallam Country by imminent domain, isolation, regulation, restriction and/or economic starvation?

Indeed... WE SHALL QUESTION EXCLUSION AND/OR OMISSION IN CLALLAM COUNTY
