Thank you for providing the opportunity to participate and learn more about the Clallam County Shoreline Master Plan since attending and listening to the information and opinions shared. I found it interesting, infomative, and I was more self-serving criticism of many property owners. We love our property too, and also want to preserve the Clallam County generations to come. It is important that the environment be protected for the enjoyment and well-being of all life. Th

Dear Focus Group Attendee:

Thank you for your interest in the Clallam County Shoreline Master Program (SMP) update. We appreciate your participation in the [SMP Focus Group meeting/s](#) (click to view summary). There will be many additional opportunities to participate in the upcoming 18 months, including **Regional Forums to be held next month.**

Clallam County is currently working on the following SMP Update work products:

1. **Consistency Report** (March/April 2011) - this report will review the County's existing SMP and shoreline (CCC) for consistency with WAC 173-26.
2. **Shoreline Inventory and Characterization Report** (May/June 2011) - this report will assemble inventory and analyze current shoreline conditions.
3. **Regional Public Forums** (April – dates to be announced).
