Subject: SMP comment 35' vs 50' buffer rule shoreline residential buffer

To whom it may concern,

Hi My name is Dan Wahlgren. I have a lot at 632 West Lake Pleasant Rd, parcel number 133035500141. On Lake Pleasant, it is between the road and the lake. My lot is approximately 100' from the road to the lake and 70' wide. Taking away the road right of way 5' or so and 50' for the buffer it does not leave me with much property to use for recreation. Lake Sutherland has a 35' buffer. I would like to see a 35' buffer for Lake Pleasant at least where the road is that close to Lake Pleasant.

Thank You Dan Wahlgren
