

August 2, 2015

I resubmit this as my public SMP comment

Pearl Rains Hewett Trustee

George C. Rains Sr. Estate

Vested private shoreline property owner.

And, add my objection, to inclusion of the "UNSCIENTIFIC" climate change, into the SMP Draft Update

**Subject:** THE MOST UNSCIENTIFIC PARTS OF THE DOE CLALLAM COUNTY SMP

## **TO WHOM IT MAY CONCERN**

I submit this as my comment

Pearl Rains Hewett Trustee

George C. Rains Sr. Estate

Member SMP Advisory Committee

## **THE MOST UNSCIENTIFIC PARTS OF THE DOE CLALLAM COUNTY SMP**

**ARE**, that even with DOE'S 1616 employees and a billion dollar budget.

**DOE doesn't have a single analyst capable of compiling and reporting the most important documented/published scientific statistics provided by**

**The Clallam County Inventory and Characteristic reports.**

**DOE is incapable or unwilling to provide documented/published scientific evidence on how the Clallam County SMP from 1976-2012 has failed to protect NNL of ecological function?**

**DOE is incapable or unwilling to provide documented/published scientific evidence on why they are demanding wider setbacks and buffer zones to protect NNL of ecological function?**

**DOE is incapable or unwilling to provide the names and locations of the contaminator and impairers. Were ANY of the contaminated or impaired sites caused by? or a result of? Clallam County 1976-2012 SMP failure to protect NNL of ecological function?**

**DOE is incapable or unwilling to provide documented/published scientific evidence on how many single family residence were destroyed by rivers or tidal action as a result of? or caused by? or failure? of Clallam County 1976-2012 SMP?**

**DOE is incapable or unwilling to provide documented/published scientific evidence on how many ecological disasters occurred as a result of? or caused by? or failure of? Clallam County 1976-2012 SMP?**

**DOE is incapable or unwilling to provide documented/published scientific evidence on how many injury's or deaths occurred as a result of? or caused by? or failure of? Clallam County 1976-2012 SMP?**

## **Clallam County 1976-2012 SMP is NOT BROKEN**

**UNTIL the DOE can prove that it is, with documented/published scientific evidence,**

**"We The People" should not be required to FIX IT!**
