Subject: Questions- Follow-up from Forum.

It is always a pleasure to hear Margaret Clancy present. Thank you.

Questions:

When will we see updated drafts of the Restoration Plan, CIA-NNL reports?

In the discussions of next steps Steve spoke of recommendation by Planning Commission, then approval by BOCC, then to Ecology for Approval. Once all that happens does staff then generate an ordinance that codifies the updated Clallam County SMP to translate the Plan into a revised chapter 35 in the County code?
