

## North Olympic Waste Reduction Program

The residents of Port Angeles, Sequim, Forks, and the greater Clallam County area are working together to **reduce** waste, **reuse** products, and **recycle** what we have left.

We have to pay to get rid of our waste whether it is buried in the ground or recycled. Therefore our first goal is to **reduce** the amount of waste generated. Avoid single use (disposable) products. Choose items with less packaging when you shop.

In Clallam County there are many opportunities to **reuse** items – through garage sales, swap meets, resale stores, etc. The website [www.2good2toss.com](http://www.2good2toss.com) is a free online material exchange for county and city residents.

**Recycling** involves collection, separation, transportation, and manufacture. Many people expect recycling to be free, but there are associated costs, especially in rural areas. Recycling usually costs less than garbage.

The manufacture of products made from recycled materials uses less energy and natural resources. Think of recycling as a way to reduce pollution and save natural resources... so buy products made from recycled materials!

**Appliances:** Advertise in the free classified section of local newspapers. Appliances are recycled at the Regional Transfer Station. There is an additional environmental fee for refrigerators and freezers. Please call for rates.

**Auto Oil and Antifreeze:** Take to a self haul site (listed on other side).

**Building materials:**  
Go to [www.builtgreencallam.org](http://www.builtgreencallam.org) or call 360-452-8160.

### Batteries:

- **Automotive:** See self haul chart on the other side.
- **Rechargeable** (in computers, cell phones, video cameras) For locations go to [call2recycle.org](http://call2recycle.org).
- **Button** (in watches and cameras): Recycle at your local retailer.
- **Alkaline household** (AA, C, D, etc): Around Again in Sequim, 360-683-7862.

**Bicycles:** Donate to charity. (Currently there are no organizations refurbishing bikes.)

**Cassettes, vinyl records, DVD's:** Donate to local thrift store or the public library. Re-sell at music stores.

**Cardboard moving boxes:** Give away through the free classified ads in the local newspaper or radio. Small quantities of cardboard are picked up curbside in Port Angeles and Sequim, or take to Transfer Station drop boxes.

**Catalogs:** Use e-mail or 800 phone numbers to request removal from mailing lists. Some companies offer a two-catalogs per year option. Recycle curbside with mixed papers.

**Cell phones:** Recycle at the same locations that take rechargeable batteries. (See "Batteries" above.) Donate to charities.

**Cleaners, solvents, pesticides, herbicides:** Take to the Moderate Risk Waste Facility at the Regional Transfer Station. No charge. Visit the reuse area and bring home useful household items such as plant fertilizer, paint, paint thinner and other products from previous customers.

**Clothing and Textiles:** Take to local charity re-sale shops or clothing collection boxes at local mini-marts and other locations. These boxes are sponsored by for profit companies, such as USAgain or non-profits such as Northwest Center. Materials collected at these boxes are shipped out of the county.

## Recyclopedia

**Computers:** Free recycling at Goodwill in Port Angeles and Sequim. For more information go to [www.ecyclewashington.org](http://www.ecyclewashington.org) or 1-800-RECYCLE.

**Fluorescent bulbs and tubes:** Compact fluorescent lights (CFLs), fluorescent tubes, and high intensity discharge lights (HIDs) can be recycled at Around Again, Thurman Supply, and Swain's. Go to [www.lightrecyclewa.org](http://www.lightrecyclewa.org).

**Food waste:** Compost at home with your garden clippings. Call 360-417-4876 for a free how-to booklet. Donate edible food to a local food bank.

**Furniture:** Call first before donating to local thrift stores. Free classified advertising in your local newspaper to give away. Post on [2good2toss.com](http://2good2toss.com).

**Gasoline:** Take small quantities to the Moderate Risk Waste Facility at the Regional Transfer Station.

**Junk mail:** Remove your name from mailing lists by writing or e-mailing the company directly or by writing to Mail Preference Service, The Direct Marketing Association, PO Box 282, Carmel, NY 10512.

**Medication:** Take to Clallam County Sheriff, Jim's Pharmacy, or Sequim Police Department. In late 2018, secure medicine return locations and a new mail-in option will be added.

**Metals:** Ferrous (steel) and non-ferrous (aluminum, lead, copper, brass, stainless steel, insulated wire, radiators): Take to scrap metal dealers or self-haul to the Regional Transfer Station metal pile, fees apply.

*Recycle Right!*

*When in Doubt, Throw It Out!*

**Paint, oil:** Take to the Moderate Risk Waste Facility. Dispose of empty paint cans with garbage. Latex paint must be solidified and disposed with garbage.

**Plastic shopping bags and film:** Recycle at your local store or use canvas or polypropylene bags that can be reused indefinitely. Go to [plasticfilmrecycling.org](http://plasticfilmrecycling.org).

**Packing material:** Take clean packing "peanuts" or packing foam to local mailing centers for reuse (call first). Molded packing material is not accepted and must be disposed with garbage.

**Printer and copy supplies:** Ink jet and toner cartridges should be returned to the manufacturer or retailer for recycling.

**Telephone books:** Place with mixed papers for recycling. You can stop delivery by contacting the publisher. [www.yellowpagesoptout.com](http://www.yellowpagesoptout.com)

**Televisions:** Donate to local charities/thrift shops or post on [2good2toss.com](http://2good2toss.com). Recycle at Goodwill in Port Angeles or Sequim. These businesses are participating in the statewide recycling program.

**Tires:** Recycle at your local tire dealer when you buy new tires (most charge a small fee). Otherwise take to the recycling storage area at the Regional Transfer Station, standard disposal fees apply. (No commercial loads accepted.)

### Household Hazardous Waste

accepted at the  
Moderate Risk Waste Facility  
Regional Transfer Station  
Port Angeles  
Wed & Sat 11-4

*no charge to residents*

### What You Can Recycle

**Mixed Paper:** Color and white paper, newspapers, junk mail, phone books, magazines, catalogs, and cereal boxes. Not necessary to remove staples or plastic windows.

### Recycle Right – When in Doubt, Throw It Out!

**Cardboard:** Corrugated (remove wax liners), brown paper bags.

**Please NO:** Plastic grocery or garbage bags.

**Mixed Containers:** Cleaned tin and aluminum cans, plastic bottles, tubs, pots, and buckets. NO containers of hazardous waste products such as: oil, paint, antifreeze, solvents. Detergent bottles are okay. (If not on this list, DON'T put in!)  
• Glass bottles - green, brown, and clear are collected separately.
